
Univerza v Ljubljani
Akademija za glasbo
80 let

The Academy of Music, University of Ljubljana,
kindly invites you to participate in
the international scientific symposium on
FORMAL AND INFORMAL MUSIC LEARNING AND TEACHING
to be held on 20th November 2019
at the premises of the Academy of Music, University of Ljubljana.

The symposium is organised in celebration of the 80th anniversary of the Academy and its Department of Music Pedagogy which, with its graduates, contributes considerably to the scientific and professional development of music education in Slovenia. The aim of the symposium is to present contributions on topical music education themes related to any part of the general and music education vertical, lifelong learning and various forms of informal music learning and teaching from the earliest childhood to old age. Informal music learning and teaching have not received much attention by researchers in the past. Therefore, with the symposium, we wish to encourage research in that area in our environment. The broad title in connection with the jubilee also offers an opportunity to take a look in the historical aspects of the development of music education in Slovenia.

We would like to invite scientists, experts and teachers from the field of music education and related scientific fields, to submit papers to be presented at the symposium. After the symposium, the authors will be invited to publish their papers, following the review protocol, in a thematic issue / monographic publication of *The Journal of Music Education of the Academy of Music in Ljubljana*.

The languages of the symposium are Slovene and English. The speakers are requested to **submit the titles and abstracts** (up to 200 words) of their papers **by 20th September 2019** electronically, on a form available at <https://www.1ka.si/a/230304>. You will receive the information on confirmation of the paper on **30th September**. For any questions, contact us on simpozij.akademijazaglasbo@gmail.com.

We look forward to your participation and to meeting you in Ljubljana.

Sincerely,
Branka Rotar Pance, Ph.D., Assoc. Prof
On behalf of the Organising Committee
